

Power your supply chain

Access fast capital for inventory and supplier payments to accelerate your business growth through our trusted lending network*.

Challenges

Maintaining a healthy supply chain requires quick access to working capital. When funds are tied up in stock or supplier costs, businesses may struggle to operate efficiently or seize growth opportunities.

Managing cash flow comes with a set of common challenges that can hold back progress, such as:

- High upfront inventory costs
- Delayed supplier payments
- Scaling operation

Trade & Stock Finance provides flexible funding for inventory and supplier payments, keeping your business agile and responsive to market demand.

Solution

Universal Partners helps your business with Trade & Stock Finance solutions by connecting you with trusted lenders*.
